

Loop Top Railings

General purpose 'loop top' or 'bow-top' railings

Ideal for schools, play areas, commercial business centres, retail outlets, and public spaces with a low to medium security risk, loop top railings are a popular option across the UK.

With an attractive, single lace bow-top design, the railings can be manufactured in heights up to 3m. Posts are secured in concrete or base plated to surface mounting and come with heavy duty welded steel caps to ensure resiliency and resistance against vandalism.

These railings can be tailored to your requirements and can be galvanised and powder coated in a wide range of RAL colours. See our other railing options for alternative designs, such as interlaced, ball top, and flat top railings.

Swing gates and cantilever gates manufactured to British Standard are also available to match.

Specifications

Fence height (m)	Infill diameter (mm) round	Rail section (mm)	Post Centres (m)	Post section (RHS)
1.0	12	30 x 10	2.75	50 x 50
1.2	12	30 x 10	2.75	50 x 50
1.5	16	40 x 10	2.75	50 x 50
1.8	16 or 20	40 x 10 or 50 x 10	2.75	60 x 60 or 70 x 70
2.0	20	50 x 10	2.75	70 x 70
2.1	20	50 x 10	2.75	70 x 70
2.4	20 or 22	50 x 10	2.75	70 x 70 or 80 x 80

This table shows our standard specifications. All products can be manufactured to client specifications and requirements.
